The request for clarification and the response shall be in writing or by cable, telex, or facsimile, but no change in the price or substance of the Bid shall be sought, offered, or permitted except as required to confirm the correction of arithmetic errors discovered by the Employer in the evaluation of the bids in accordance with Clause 24.

23. Examination of Bids and Determination of Responsiveness

23.1 Prior to the detailed evaluation of bids, the Employer will determine whether each Bid is substantially responsive to the requirements of the bidding documents and the requirement for the submission of a bid security. A substantially responsive Bid is one that conforms to all the terms, conditions, and specifications of the bidding documents, without material deviation or reservation. A material deviation or reservation is one (a) which affects in any substantial way the scope, quality, or performance of the Works; (b) which limits in any substantial way, inconsistent with the bidding documents, the Employer's rights or the Bidder's obligations under the Contract; or (c) whose rectification would affect unfairly the competitive position of other Bidders presenting substantially responsive Bids.

23.2 If a Bid is not substantially responsive, it will be rejected by the Employer, and may not subsequently be made responsive by correction or withdrawal of the non-conforming deviation or reservation.

24. Correction of Errors

24.1 Bids determined to be substantially responsive will be checked by the Employer for any arithmetic errors. Errors will be corrected by the Employer as follows:

(c) if a bidder refuses to accept the correction his bid will be rejected, and the Bid Security may be forfeited in accordance with Sub-Clause 14.6(b).

25. Evaluation and Comparison of Bids

25.1 The Employer will evaluate and compare only the bids determined to be substantially responsive in accordance with Clause 23.

25.2 In evaluating the bids, the Employer will determine for each Bid the evaluated Bid price by adjusting the Bid price as follows:

making any correction for errors pursuant to Clause 24;

excluding provisional sums and the provision, if any, for contingencies in the Bill of Quantities (or Activity Schedule for lump sum contracts), but including Daywork, where priced competitively;

(c) making appropriate adjustments to reflect discounts or other price modifications offered in accordance with Sub-Clause 19.5.

25.3 The Employer may waive any minor informality or non-conformity which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative standing of any Bidder. Variations, deviations, and alternative offers and other factors which are in excess of the requirements of the bidding documents or otherwise result in unsolicited benefits for the Employer will not be taken into account in Bid evaluation.

26. Award Criteria

26.1 Subject to Clause 27, the Employer will award the Contract to the Bidder whose Bid has been determined to be substantially responsive to the bidding documents and who has offered the lowest evaluated Bid price, provided that such Bidder has been qualified in accordance with the provisions of Clause 3.

27. Employer's Right to Accept any Bid and to Reject any or all Bids

27.1 Notwithstanding Clause 26, the Employer reserves the right to accept or reject any Bid, and to cancel the bidding process and reject all bids, at any time prior to the award of Contract, without thereby incurring any liability to the affected Bidder or bidders or any obligation to inform the affected Bidder or bidders of the grounds for the Employer's action.

28. Notification of Award and Signing of Agreement

28.1 The Bidder whose Bid has been accepted will be notified of the award by the Employer prior to expiration of the Bid validity period by registered letter. This letter (hereinafter and in the Condition of Contract called the "Letter of Acceptance") will state the sum that the Employer will pay the Contractor in

consideration of the execution, completion, and maintenance of the Works by the Contractor as prescribed by the Contract (hereinafter and in the Contract called the "Contract Price").

28.2 The notification of award will constitute the formation of the Contract.

28.3 The Employer will send the successful Bidder the Agreement form provided in the bidding documents incorporating all agreements between the Employer and the successful Bidder. It will be sent to the successful Bidder within 14 calendar days following the notification of award. Within 14 calendar days of receipt, the successful Bidder will sign the Agreement and deliver it to the Employer.

28.4 Upon receipt of the signed Agreement from the Bidder, the Employer will promptly notify the other bidders that their bids have been unsuccessful.

29. Advance Payment

29.1 The Employer will provide an Advance Payment as stipulated in the Conditions of Contract, subject to a maximum amount, as stated in the Bidding Data. For receiving the Advance Payment, the Bidder shall make an estimate of and include the requirement in its Bid, the expenses that will be incurred in order to commence work. revise the Program and submit it to the Project Manager again at any time. A revised Program shall show the effect of Variations and Compensation Events.

12. Extension of the Completion Date

12.1 The Project Manager shall extend the Completion Date if a Compensation Event occurs or a Variation is issued which makes it impossible for Completion to be achieved by the Required Date without the Contractor taking steps to accelerate the remaining work, which would cause the Contractor to incur additional cost

13. Delays Ordered by the Project Manager

17. Bill of Quantities

17.1 The Bill of Quantities (for lump-sum Contracts entire Clause 17 shall be replaced with a new Clause as indicated in the Contract Data) shall contain items for the construction, installation, testing, and commissioning work to be done by the Contractor. For Lump Sum contracts, payment activities schedule shall be listed.

17.2 The Bill of Quantities is used to calculate the Contract Price. The Contractor is paid for the quantity of the work actually done at the rate of the Bill of Quantities for each item.

18. Changes in the Quantities

18.1 If the final quantity of the work done differs from the quantity in the Bill of Quantities for the particular item by more than 25 percent, provided the change exceeds 1 percent of the Initial Contract Price, the Project Manager shall adjust the rate to allow for the change. (For lump-sum contracts, this clause shall be substituted by a new clause as indicated in Contract Data).

19.5 The value of work executed shall include the valuation of Variations and Compensation Events.

20. Payments

20.1 Payments shall be adjusted for deductions for advance payments and retention. The Employer shall pay the Contractor the amounts certified by the Project Manager within 45 days of the date of each certificate. If the Employer makes a late payment, the Contractor shall be paid interest on the late payment in the next payment. Interest shall be calculated from the date by which the payment should have been made, up to the date when the late payment is made, at the rate of interest prevailing at the local banks for construction loans.

20.2 Items of the Works for which no rate or price has been entered in will not be paid for by the Employer and shall be deemed covered by other rates and prices in the Contract.

21. Compensation Events

21.1 The following shall be Compensation Events:

- (a) The Employer does not give access to a part of the Site by the Site Possession Date stated in the Contract Data.
- (b) The Project Manager orders a delay or does not issue Drawings, Specifications, or instructions required for execution of Works on time.

- (f) The Project Manager unreasonably delays issuing a certificate of completion.
- (g) Any other events as stipulated in the Contract Data.

If such an event occurs, then the Contract Price shall be equitably adjusted.

However, the Project Manager shall adjust the Contract Price if taxes, duties, and other levies are changed between the date 28 days before the submission of bids for the Contract and the date of the last completion certificate. The adjustment shall be the change in the amount of tax payable by the Contractor, provided such charges are already not reflected in the Contract Price.

23. Liquidated Damages

23.1 The Contractor shall pay liquidated damages to the Employer at the rate per day stated in the Contract Data for each day that the Completion Date is later than the Required Completion Date. The total amount of liquidated damages shall not exceed the amount defined in the Contract Data. The Employer may deduct liquidated damages from any payments due to the Contractor. Payment of liquidated damages shall not affect the Contractor's liabilities.

24. Advance Payment

24.1 The Employer shall make advance payment to the Contractor of the amounts stated in the Contract Data after the Contractor has:

- (a) delivered to the site construction equipment and/or materials for initiating the work, and
- (b) submitted the Advance Payment Guarantee.

24.2 The Contractor is to use the advance payment only to pay for Equipment, materials and other expenses required specifically for carrying out the works. The Contractor shall demonstrate that advance payment has been used in this way by supply of copies of invoices or other documents to the Project Manager.

24.3 The advance payment shall be repaid by deducting proportionate amounts from payments otherwise due to the Contractor, to be recovered within one half of the completion period.

25. Retention Moneys

25.1 An amount, specified in the Contract Data, will be retained from each payment to the Contractor to assure performance of the work. This money will be paid out to the contractor upon completion and acceptance of the work and within 15 days of the issue by the Project Manager of the Defects Liability Certificate.

26. Dayworks

26.1 If applicable, the Dayworks rates in the Contractor's Bid shall be used for small additional amounts of work only when the Project Manager has given written instructions in advance for additional work to be paid for in that way.

26.2 All work to be paid for as Dayworks shall be recorded by the Contractor on forms approved by the Project Manager. Each completed form shall be verified and signed by the Project Manager within two days of the work being done.

26.3 The Contractor shall be paid for Dayworks as work is performed subject to obtaining signed Dayworks forms.

27. Cost of Repairs

27.1 Loss or damage to the Works or Materials to be incorporated in the Works between the Start Date and the end of the Defects Liability periods shall be remedied by the Contractor at the Contractor's cost if the loss or damage arises from the Contractor's acts or omissions.

28. Completion and Taking Over

28.1 The Contractor shall request the Project Manager to issue a certificate of completion of the Works, and the Project Manager will issue such a certificate when he determines that the work is satisfactorily completed. The Employer shall take over the site and the works within seven days of the Project Manager's issuing of a certificate of completion.

29. Final Account

29.1 The Contractor shall supply the Project Manager with a detailed account of the total amount that the Contractor considers payable under the Contract before the end of the Defects Liability Period. The Project Manager shall issue a Defects Liability Certificate and certify any final payment that is due to the Contractor within 45 days of receiving the Contractor's account if it is correct and complete. If it is not, the Project Manager shall issue within 30 days a schedule that states the scope of the corrections or additions that are necessary. If the Final Account is still unsatisfactory after it has been resubmitted, the Project Manager shall decide on the amount payable to the Contractor and issue a payment certificate.

30. Termination

30.1 The Employer or the Contractor may terminate the Contract if the other party causes a fundamental breach of the Contract.

30.2 Fundamental breaches of Contract shall include, but shall not be limited to, the following:

- (a) the Contractor stops work for 21 days when no stoppage of work is shown on the current Program and the stoppage has not been authorized by the Project Manager;
- (b) the Project Manager instructs the Contractor to delay the progress of the Works, and the instruction is not withdrawn within 15 days; or agreement reached on payments due contractor for cost of delay;
- (c) the Employer or the Contractor is made bankrupt or goes into liquidation other than for a reconstruction or amalgamation;
- (d) a payment certified by the Project Manager is not paid by the Employer to the Contractor within 60 days of the date of the Project Manager's certificate;
- (e) the Project Manager gives Notice that failure to correct a particular Defect is a fundamental breach of Contract and the Contractor fails to correct it within 30 days determined by the Project Manager;

(f) the Contractor has delayed the completion of the Works by the number of days for which the maximum amount of liquidated damages can be paid, as defined in the Contract Data.

30.3 When either party to the Contract gives notice of a breach of Contract to the Project Manager for a cause other those listed under Sub-Clause 30.2 above, the Project Manager shall decide whether the breach is fundamental or not.

30.4 Notwithstanding the above, the Employer may terminate the Contract for convenience by giving the Contractor a thirty-day notice in writing.

30.5 If the Contract is terminated, the Contractor shall stop work immediately, make the Site safe and secure, and leave the Site within 15 days of the completion of the notice period.

31. Payment upon Termination

31.1 If the Contract is terminated because of a fundamental breach of Contract by the Contractor, the Project Manager shall issue a certificate for the value of the work done and Materials ordered less advance payments received up to the date of the issue of the certificate and less the percentage to apply to the value of the work not completed, as indicated in the Contract Data. Additional Liquidated Damages shall not apply. If the total amount due to the Employer exceeds any payment due to the Contractor, the difference shall be a debt payable to the Employer.

31.2 If the Contract is terminated for the Employer's convenience or because of a fundamental breach of Contract by the Employer, the Project Manager shall issue a certificate for the value of the work done, Materials ordered, the reasonable cost of removal of Equipment, repatriation of the Contractor's personnel employed solely on the Works, and the Contractor's costs of protecting and securing the Works, and less advance payments received up to the date of the certificate.

32. Property

32.1 All Materials and Construction Equipment on the Site, Plant, Temporary Works, and Works shall be deemed to be the property of the Employer if the Contract is terminated because of the Contractor's default.

33. Release from Performance

33.1 If the Contract is frustrated by the outbreak of war or by any other event entirely outside the control of either the Employer or the Contractor, the Project Manager shall certify that the Contract has been frustrated. The Contractor shall make the Site safe and stop work as quickly as possible after receiving this certificate and shall be paid for all work carried out before receiving it and for any work carried out afterwards for which an agreement has been reached.

34. Resolution of Disputes

34.1 The Employer and the Contractor shall make every effort to resolve amicably by direct informal negotiation any disagreement or dispute arising between them under or in connection with the Contract. If after thirty (30) days from the commencement of such informal negotiations, the Employer and the Contractor have been unable to resolve amicably a Contract dispute, either party may require that the dispute be referred for resolution to three independent qualified experts, one chosen by the Employer and one

chosen by the Contractor and the third chosen by an appropriate professional body, such as the Chamber of Commerce. The three should arrive at a solution satisfactory to the Employer and the Contractor. In case of further disagreement either party can take the matter to arbitration in accordance with the Law governing the Contract. The place where arbitration will take place will be stated in the Contract Data.
