

**INVITATION FOR BIDS**

**THE MINISTRY OF THE ENVIRONMENT**

**PROCUREMENT OF ASSORTED SEEDLINGS**

**Procurement Number: MoENV/FD/ICB/NTPP-02/01/2021**

**Date of First Issued: 14<sup>TH</sup> JUNE, 2021**

The Procurement of 1,600,000 viable Assorted Seedlings - Tree Crops Seedlings, Exotic Seedlings and Forest Hardwood Seedlings.

The Ministry of the Environment in collaboration with Forestry Divisions has received funds from the Government of Sierra Leone through the Ministry of Finance financial year 2021 for the Procurement of 1,600,000 (One Million Six Hundred Thousand) Viable Assorted Seedlings to be distributed in the fifteen Districts.

The Ministry has developed the National Tree Planting Project to restore degraded landscapes (terrestrial and wetlands) to minimize the negative impacts on the Environment.

Global warming is alarming and is a threat to biodiversity, forest and the environment in general. One strategy for climate change mitigation is to raise assorted tree nurseries for reforestation and afforestation purposes, so that the biodiversity loss will be quickly regained in a shorter period by the Service Providers and Forest Management Committees during the effective implementation of the National Tree Planting Project.

The Ministry of the Environment now invites sealed bids from eligible bidders for the procurement of One Million Six Hundred Thousand Viable Assorted seedlings to be distributed to Service Providers and Forest Management Committees in the fifteen Districts. The purchase and distribution of the seedlings will be divided into FIVE REGIONS which will be distributed among five eligible bidders.

Bidding is open to all suppliers who can demonstrate the capacity to supply the assorted seedlings (BY REGION) in the fifteen Districts as mentioned above.
