FORWARD

We want to express our sincere appreciation and gratitude to the Government of Sierra Leone through the Ministry of Finance for the financial support and been part of this important strive as we are coming to the end of 2021 financial year.

The Price Norm is intended to serve as a guide for Ministries, Departments and Agencies including the Local Councils when undertaking the required and acceptable procurement of Goods, Works and Services.

While we remain committed to delivering great value for money in line with our purpose of transforming the procurement landscape in Sierra Leone, we wait with great expectations from the MDAs for their feedback as we are partners in the public procurement business.

We will continue to let our doors open to the public for any meaningful input to the Price Norm to make it more attractive and achievable.

NPPA appreciates all those procurement practitioners and their entities for their insurmountable inputs.

Ibrahim Brima Swarray

Chief Executive
